

Q Julia Bishop (researcher)
Q2 Beth Nutbrown (researcher)
A Katie (mum)
B Matt (dad)
C Stephanie (8)
D Saskia (6)

Q2 That's really cool.

C They're like not using it or something.

Q2 Yes. So is that mainly like ??? like you say in airports waiting for things?

C Yeah.

Q2 Do you ever play at card games or anything like that?

C Erm....yeah sometimes we have ??? card games but normally I have a lot of games that don't need wifi.

Q2 Is that on your tablet?

C Yeah.

Q2 So if your tablet's got like charge on wifi you'd normally be on that?

C Yeah.

D Stephanie do you want to watch ???

Q2 It's up to you, you don't have to, it's ??? you'd like to say. Do you want to watch any more Saskia?

D Yes.

Q2 What would you like to watch? This one? What's this one?

C So I'm just doing like....I'm designing a doll's house.

D Me and Stephanie ???

C I get this....I get the stick.

Q2 Oh yeah, cool, and you melt it on that? That's a really lovely doll. And did you often like....how do you play with your doll's house, what do you tend to do?

C Normally I just take the furniture out and think of different ways to design it and put all the furniture in different rooms.

Q2 Oh that's really cool. Do you like re-designing how it looks?

C Yeah. I'm just going to go to the toilet.

Q2 How often do you play with the doll's house?

D I normally play with LEGO? before we go to bed or after school.

Q2 Yeah? And would you say you play with it every day, or some days?

D Just some days.

Q2 What else do you like about ???

D That you can make them do different kinds of things. Like when you can like put accessories on them.

Q2 Aha, I see. And what kind of ???

D Erm....make them sit down, stand up and lay down.

Q2 Oh, so you like the fact that ??? their arms and legs ???

D You can't move the legs because they're just like this and you can't move them. So they just have to laid up like that.

Q2 Oh I see. Is that the....are these princesses though on that video? Yeah, oh I see. ??? have you got some Disney princess Lego ???

D Erm....some ??? Small ???
