

Q Julia Bishop (researcher)
Q2 Alex Hetherington (researcher)
A Serena (mum)
B Kawsu (dad)
C Mallison (6)
D Essa (4)

A What kind of stuff do you talk with [male cousin] about play wise?

Q Do you do like your mum said, she said the word Ninjas a lot.

A Do you like to play football with [male cousin]?

C Nerf.

A Nerf guns, pretending that....what's the....Zombie Virus, I don't know where that's come from, that's something to do with [male cousin].

D It's ram ???

A So they'll talk about the Zombie Virus, which I think is something to do with YouTube but it's something that [male cousin] does.

Q Is the Zombie Virus, is that something like a real game that you would play where you touch someone and say 'you've got a virus' or something like that, a Zombie Virus?

C No.

Q It's not like that?

A What is it then?

Q It's not that. They used to call it like the lurgy when they did that.

C It's where you find like you get Zombie masks and then everybody wears the same costume, but except for other people, but then you have....but the people who get shot by Nerf gun have to be used to it. So they shoot the person who's the zombie with a Nerf gun and then...but you have to get round all of them and then they get in a ship ??? So that's what we did. But we really want to get the zombie masks.

A How do you get the zombie mask?

C You have to buy them and zombie masks and zombie clothes, so you do that.

A But what's a zombie virus?

C It's where people get killed by somebody and they get turned into a zombie. And then you get back up and you're a zombie.

Q Oh my goodness. And now we're seeing you being a zombie. So how do you be a zombie, can you just show us again?

C So you go like that. But if you get shot....

Q Your arms out in front of you. And then you....

Cyou go like that.

Q Oh right. So do you play this in the yard or something like that?

C No.

Q But you play it with [male cousin]?

C Yeah.

A You play it at nannan's don't you?

C Yeah.

Q Yeah, OK.

A So they generally play with the Nerf guns with [male cousin], and football, the zombies, or Ninjas or something along that line.

Q Right. And what do you think they enjoy most about that kind of play, or what did you think they were enjoying in that film – let's be specific.

Q2 No? No good?

D I need these for something else.

Q2 You need those for something else? Oh dear, what do you need them for?

D So....well....just that red thing.
