

Q Julia Bishop (researcher)
Q2 Alex Hetherington (researcher)
A Serena (Mum)
B Kawsu (Dad)
C Mallison (6)
D Essa (4)

B There'll be loads of times you know I just play football with them.

Q Yeah, so you're the sort of out there playing in the garden more and taking them to coaching and stuff.

B Football yeah, and bike riding, and football, bike riding....

C ???

Q2 Matches are on Sundays aren't they? Is that right, are matches on Sundays or is it Saturdays?

C Yeah ???

Q2 Oh cool. You'll have to tell me about that later.

Q Yeah. Are you quite sort of sporty and active yourself?

B Yeah.

Q Yeah, so it reflects your own interests and things.

B Yeah.

Q What about the horse riding and stuff like that, is that something of yours?

B Horse riding, yeah, I've been horse riding with them you know, they have horse riding lessons yeah just round the corner from here at [North Sheffield], yeah.

Q Oh yeah, yeah.

B Essa likes horses, he like horses a lot don't you?

Q How about you?

B Erm...I'm alright.

Q Yeah, but they're not a special passion of yours?

B No I'm not passionate about it but....

Q No but it's Essa's....

B Essa yeah. He loves the time I will drive through [North Sheffield] just go and see the horses, going to his nan's house.

Q Oh, you take him to look at the horses? Is that the equestrian centre on the side of the road there as you go out on the A road?

B Yeah.

Q Yeah I know it. And that's where Essa's been riding?

B Oh yeah he's been riding down there, yeah. So you know like going down there you'll see horses in a line, you know like on line, and sometimes I'll stop the car and they'll come out and look at him.

Q Really? And does he like to sort of touch them and stroke them and stuff?

B Yeah.

Q And has he done like grooming and things like that at the stables too?

B Well he goes horse riding, you know a lesson, he'll go on a horse riding lesson down there at the stables but....

Q I just wondered if they did other stuff like grooming and feeding and the kind of things he does....

B Well they do feeding sometimes, because my brother, you know like ??? he passed away last year and where he lives like is very remote, and we will go there and we'll take a walk to go and feed the horses and what.

D Look, I got all of them right.

Q Oh that's amazing, well done. Sorry.

B We'll go to a farmer's field sometimes you know like very remote down there and we will go walking and they will go and feed the horses and like stroke them and....

Q So the game that he's doing there, that relates to something he's actually done in real life?

B Yeah, yeah.

Q Do you go to the [Sheffield United] matches with them?

B No it's their grandad.

Q Oh right.

B Grandad takes them because the majority of the time I'm at work and I work long hours. And I booked a week off because every now and then they're off school. So it's his turn today to go and watch them at Sheffield United. And his grandad likes to take them, you know like in turns.

Q Brilliant, yeah. So when you play football and stuff with them you know are you kind of imagining....are you sort of like....pretending he's the commentator and stuff like that, do you mess about like that?

B Yeah. Well Mallison and Essa always like will have, like I'll have my goal and they'll have their goal.

Q Oh OK, two against you.

B So them against me.

Q Right, got it. Excellent. And do you like go 'oh yeah, he's scored' and do you do the victory and all the rest of it you know?

B Yeah. It's always against me anyway, but they end up winning all the time, every single time I play I just let them win.

Q I was going to say, you let them win, yay! Do you watch football with them on telly or anything like that?

B Yeah sometimes.

Q Do you watch Match of the Day?

B Sometimes yeah. Most of the time Match of the Day always come late, so I let them watch it like probably in the morning because they put it on at 9 o'clock on BBC1.

Q Oh it's repeated?

B Yeah repeated. And when there's ??? games let's say have 6 or 7 o'clock kick off or 8 o'clock kick off, if they're not going to school the following day I'll let them watch it. But when it's like late games I don't let them watch it.

Q No of course, it's after their bedtime isn't it.

B Yeah.

Q Where were you playing this morning, was it the one down the road here?

B Down the road from here, yeah.
