Q2 So we've got some pictures of different kinds of technology. And we've got three different categories, we've got 'I do not play with this', 'I don't know what this is', 'I play with this'. So if we look at these can you tell me if you know what it is and if you play with it, and I might have some other questions about it. Would that be alright?

D Is that one Alexa.

Q2 Yeah it is Alexa.

D I don't really like that.

Q2 I think this one's like a little extra bit that goes with it, it's like the internet. Yeah, so do you play with Alexa?

D Yeah.

Q2 Yeah? And how do you play with Alexa?

D She tells me jokes.

Q2 Yeah? Do you ask her to tell you jokes?

D Yeah.

Q2 Awesome. And so do you say you play with Alexa or do you not play with her?

D I sometimes play with her.

Q2 Yeah, that's brilliant. Do you like Alexa?

D Yeah.

Q2 What do you like about her?

D ??? and the songs ???

Q2 So what did she sing, what was her favourite song?

D I don't know.

Q2 That's OK. So what about this one, do you recognise this one?

D A game controller.

Q2 Yeah. You were showing me that game controller earlier weren't you?

D Yeah, we've got two of them. That one's not for the Sonic ??? one, there's a different controller for that.

Q2 And what do you like about those, or do you not like them? Do you like them?

D Mmm.

Q2 Yeah? What do you like about them?

D I don't know.

Q2 That's OK. Would you say you play with them?

D We don't really play with them.

Q2 Not that often? OK well it's right up to you, where would you like to put it? I don't know, or.... yeah? There you go – in that one? And what about this one, what is it?

D It's a computer.

Q2 Yeah.

D I haven't got that one there.

Q2 Yeah. And do you not play on one at all, or do you sometimes use one?

D I've got one but not like that one.

Q2 Aha, what's it like? Is it your tablet?

D Yeah.

Q2 Yeah I see.

C That's what she meant.

Q2 Oh awesome. Oh so do you call your tablet your computer? Yeah. So you've not got one that looks like this?

D No.

Q2 So where would you put this one?

D In this.

Q2 The laptop there, OK.

D Because I don't really go on a computer.

Q2 That's OK. What about this one?

D It's Minecraft and a computer.

Q2 Yeah, so Minecraft, and this one's on an iPad isn't it? And so have you ever played Minecraft?

D Yeah.

Q2 Did you go on a tablet?

D Yeah, I see people playing Minecraft.

Q2 Ah, and where do you see people playing Minecraft?

D Erm...like sometimes on my computer people making videos of playing it.

Q2 Ah, so is that on You Tube? Yeah? And what kind of things do you watch on You Tube?

D ???

Q2 Oh you like watching that?

D ???

Q2 So mostly ??? that's awesome. And so where would you put the playing games on your tablet?

D Here.

Q2 Yes.

D ??? I'll put it in 'I don't play'.

Q2 So you don't play games on your tablet?

D I do.

Q2 Oh you do, OK, so where would games.....

D Not like that one.

Q2 No, that's OK, but you usually play some games, and you go on your tablet to watch things. Awesome. And what about this one?

D It's Lego and I like to play with Lego.

Q2 You like to play with Lego. What do you like about Lego?

D That you get to put in that there to open up ???

Q2 Oh awesome. So do you sometimes use the figures and make them act out things?

D I was doing it today.

Q2 Wow. And what did you act out today?

D I've forgot.

Q2 That's OK. So when we leave the camera with you maybe someone can film some of it, some of the games you're playing with Lego – what do you think?

D Mmm ???

Q2 Yeah? That sounds good. And do you play Lego with anyone else, or is it just you?

D I don't know what that is.

Q2 Don't you know what this one is? This one's a virtual reality headset and it's kind of a bit like a video game.

D Is it like ???

Q2 No. So we've brought you a GoPro camera, and this one is like a set of glasses that you put on, and then it's like you're in the video game. Have you not heard of this one before? Put it on there. And what about this one?

Time 5:00

D A phone.

Q2 And do you know what's on the phone?

D Pokemon.

Q2 Yeah. And have you ever played this?

A Daddy's home.

D We watch it though.

Q2 You watch Pokemon? How do you watch Pokemon? Where do you watch it?

D On the TV.

Q2 Do you like it? Anybody played any games where sort of ??? in the real world but they're ??? So can you see I'm here, that the Pokemon's here, but he's not actually on the ground.

D Mmm.

Q2 So where would you like to put that one? I don't play – yeah? There you go. Alright this one ???

D I don't know.

Q2 No? It's called a Furby.

D Stephanie has a teddy bear.

Q2 It's a bit similar isn't it?

D She's got two pink ones, one black one, and two yellow ones.

Q2 Wow.

D But we don't know where the yellow ones are.

Q2 Ah, that's OK, I'm sure you'll find them. So where would you like to put this one? Are you going to put it in 'I don't know' or 'I don't play'?

D I don't know.

Q2 And what about this one?

D I don't know what it is.

Q2 That's OK. This one's called a Nintendo DS, it's like a portable games console, you don't have to plug it to a TV. That's awesome. Good job, you did really well. So these are the ones that you do play with.

D I've got some here if you want.

Q2 You have haven't you, look at that, that's awesome. And how do you feel when you play with these things, how do you feel when you play on your tablet or watch things?

D Calm.

Q2 Calm. You feel that you feel calm when you're playing. What about Alexa, how do you feel when you're playing with Alexa?

D Erm....I feel a bit sulky. Sometimes I play with her when I wake up.

Q2 Ah OK, and what do you do when you play with her when you wake up, what do you get her to do?

D I ask her to tell me jokes, and she tells me what the time is.

Q2 Oh that's really helpful.

D She plays songs and instead of she just playing the song we can pick which songs we want her to play.

Q2 And do you like being able to pick which song?

D Yes.

Q2 That's awesome. How about Lego, how do you feel when you're playing with Lego?

D Erm...I don't know.

Q2 That's OK, that's been really good. And ??? like a little bit more drawing or are there any of the toys that you'd like to talk about, any of these that you'd like to ask some questions about? I might just take a picture of these as well if that's alright.
