Q2 Alex Hetherington (researcher)
A Serena (Mum)
B Kawsu (Dad)
C Mallison (6)
D Essa (4)

Q Now Alex has kindly done this so I'll just start it off. OK so we're going through the photo book folders, and when we're ready if you press that arrow there that will take us on to another one. So we've just taken pictures on our visits of all the many different things you play and do, and we wondered which ones you would like. We can go through them first and then you can go through them another time and say 'oh yeah I'd like that one after all' or whatever, because it's difficult, you don't know what's coming up.

A I probably wouldn't say no to any photos because I love all photos.

Q Oh do you love all photos, we'll see how many we can squeeze in.

A So just squeeze in the best.

C I really like that one.

Q Do you, you like that first one? What do you like about it?

C I like LEGO but also I like there's a mini raft there.

Q The mini raft.

C Yeah and it goes on the back of the helicopter. You shut this bit down there, then clip that in there. But I really like that ???

A I like the photo because it's you helping your brother and you're playing together with LEGO.

Q Oh, lots of reasons. Come on let's go on to the next one please, Mallison.

C That's Essa.

Q Essa this is you, do you want to come and see? I can just see the faintest little smile I think in the corner of his mouth.

A That's what I like about the picture, the smile.

D I'm colouring Baby Shark.

Q Are you? Are you colouring Baby Shark in that one? Oh yeah I can see that now, yeah.

C Essa, what are you drawing?

D A person ???

C Is that an ugly person.

A Do you want to come and look at these photos with us, Essa?

Q Or do you want us to shout you if there's anything....you can come here anyway and you can sort of come and look.

A Mallison, come and sit on here.

Q OK Mallison, on you go.

C Essa again!

Q Essa looking proud of something there ,I think.

A Yeah.

D It was my....it was a house.

A A house that you built, yeah.

D It was this house.

Q Oh that was the one you built with the LEGO set was it? Or what is one you built out of your own LEGO, I forget now?

D One I built out of our own LEGO. And then the LEGO person.

Q And the little LEGO person, we'll just show her, yeah look there you are.

D So you can just see it.

Q That's right, yeah. It was good that, I remember you speaking about that.

D Mummy look, I've done my hair.

A Oh it's cool that Essa.

Q Oh, Kawsu's on this one.

D Daddy.

B Yeah.

Q We'll ??? that a little bit.

D That was daddy's birthday probably.

B Yeah.

A Look at all the toys you're surrounded by.

Q It was just after wasn't it that week we came, I think it was....

A It was his birthday, yeah.

Q You were off work. Yeah oh it's lovely.

A Click the next one Mallison.

C Me on Nintendo.

D And I'm following you and I'm like....I'm playing on my horsey game.

A You are playing on your horse game, aren't you? You like that game, don't you?

D Yeah.

Q What were you doing did you say, Mallison?

C Probably getting on Minecraft.

Q On Minecraft.

C Getting on Minecraft.

Q Yeah that's right, it was when you were probably learning it, and now you're a total expert.

C Mmm.

Q I have a feeling these ones are all liked actually.

A Yeah, I'll not say no to any.

Q Well it's great to hear your reactions to them actually.

A Oh yeah I do like that one. Look at you, look at you both on that one, Essa, with all the LEGO. Look at all the space, like wow.

C Wait, I think you were there, Dad, because I can see your laptop so you were there. So Alex probably built that LEGO.

Q Hey, Sherlock Holmes, well deduced. I would say yes.

C Alex probably.

Q That's an absolutely great picture.

C Alex!

Q You like it too yourself?

A Yeah, I love them, honestly I love them all, it's just nice to see some catching of their smiles while they're playing with the toys. I suppose they're the kind of pictures that you don't really take, because you're usually taking ones where they're looking at you, aren't you.

Q That's right yeah it's true, whereas we're kind of trying to be witnesses here more like, you know as to what they're doing.

A Yeah, and you don't really capture that if you're taking a photo of them, so that's really nice.

Q Thank you. Who is this?

C Essa! I know where he is on there. Ah....

A Stood there, isn't he? That cheeky little face.

Q It's very cheeky.

Q2 Who took this one, Mallison?

C Erm....

D Alex.

Q2 No, I can't have took it because I'm there, I'm hiding behind you.

D Julia.

Q2 Was it Julia?

D Yeah.

Q2 I don't think it was Julia.

Q No it wasn't me.

C It was Alex then.

Q2 No, I'm there, it can't be me.

D My daddy.

C It was Mum.

Q2 No.

D Dad.

Q2 No.

C Who then?

D Me.

Q2 It was you.

Q Sherlock Holmes, it was you!

Q2 Don't you remember that, Mallison?

A And look how good that picture is that you caught.

Q It is an amazingly good picture, well done.

A You see I'm going to hand down my photographer things to you. Come on you need to do the button.

Q2 That's a nice photo Mallison.

C Wait is that my ???

A You're showing him the thing that you wind up, aren't you?

Q2 Oh yes, the winch, the winch from the helicopter.

C Yeah. Me and my watch. Essa!

A Essa likes the watch as well, doesn't he?

C He peeks all the time. At least I won't know about him. I spied on him.

Q You're spying on him?

C Alex, where's that padlock I gave you.

A No, no, we need to just continue these.

Q Sorry Mallison, are you alright to carry on?

D Look at mine.

Q So he peeks all the time at your watch?

Q What's he doing?

C He's peeking.

Q He's peeking. What are you doing on your watch there?

C Playing at ???

Q Playing a game. And what's your favourite, is there a favourite one, do you like to do it all on your watch?

C Mousey Maze.

Q What's it called?

C Mousey Maze.

Q Mousey Maze.

A And it makes me realise how many toys you've actually got. That's what a lot of comments amongst the friends have been this kind of coming up to Christmas, is that children now have got too much.

Q Yes, we're having a massive clear out in our house, I must get this out of the way and get the next lot in. Let's go on.

A What's that? Oh Essa you're showing....

C That's Essa with that horsey thing.

A Yeah you're showing Julia your horse LEGO aren't you.

Q No I was really interested, I hadn't seen horse LEGO before so actually I learnt a lot that day.

A There's a lot of LEGO that I didn't even....a lot of horse toys sorry, that I didn't realise existed until Essa came along. Got so many now, haven't we Essa.

C Me on the iPad.

A Oh yeah that's you explaining, isn't it, what it's about.

Q Oh yeah that's right yeah, look at you, really showing me.

A There's been a lot of football games when they've been in, isn't it, because you're in your football shirt again.

C That's Essa on the pitch.

A About the same spot or ???

C A baby shark.

Q Oh was it? Yeah. Is it?

C It's Baby Shark, yeah.

A Is it, I can't see ???

D Look mummy.

A Yeah, wow.

C What is it Essa?

Q What are you doing on there?

D It's a person.

Q It's a person.

A He looks like he's got a tie on.

D What?

Q Very formal, a very orange tie though.

C It was like one of the hairy monsters on Fortnite. That's a ???

A Press the next one. I like that one because you're showing your brother again.

Q Yeah. Now what's happening here? You don't look like yourselves there a little bit. Is that from the film?

A Yes. What was it? Oh it's the Minecraft skeleton, yeah.

C Yeah that's the Minecraft.

Q2 Mallison was showing it to Essa.

Q Oh, very good.

A Because you went off and built it didn't you, and then you showed it to Essa after.

C Yeah. I made Alex....

Q2 You did, you made Alex. Not me!

Q That's right, because I remember listening to that on the recording and being completely confused as to which Alex we were talking about here.

- A Yeah, it is really confusing isn't it, because we actually know....
- C Three Alex's.
- A Yeah, we know a lot of Alex's.
- C There's you, Maggie's....
- A We knew somebody called Alex, we knew somebody called Steve didn't we that's passed away and he's got a son called Alex, so it's Alex and Steve, Alex and Steve are in Minecraft.
- Q Oh gosh that is confusing.
- A A bit confusing, yeah.
- Q Never mind, you can keep it straight.
- D Look at that.
- Q Right, let's keep going. Oh look now then what's.... Minecraft.
- C What is that what I've done for the ???
- A Can you see your brother being very patient watching you again, learning from you.
- Q What do you think, Essa?
- A What do you think of that picture Essa? What do you think of the picture, Essa?
- Q Do you like watching, Essa?
- D ???
- A You're watching him, aren't you? Is that so that you can play Minecraft when you get a little bit older?
- D No.
- A No?
- D What?
- A I think you will. When you've figured it out.
- C I'll be green, my uncle ??? in the car all day, not going to work.
- Q ??? doing his laptop, is that to choose the GoPro film maybe or something?

Q2 I think Mallison was explaining to you an IT lesson where they had to use computers. Which now he's pretty good at seeing as he picked the GoPro films we looked at today.

Q OK. Let's keep going.

C ??? going on Google in ???

Q Can you go on Google, wow?

C Yeah. I know how to log on to summat.

D Guess what, I'm going to get GoNoodle on my iPad.

A Considering when I was at school we had one large computer in the corner of the room and it was one student's job to teach the rest of the class, because the teachers didn't even know how to use it.

C When my mum was a kid, when grandad was....when my grandad was ??? they had to turn the iPad off.

A There wasn't even iPads then, sweetheart.

C What?

A They didn't even have iPads. So what he's trying to say is, that my nannan lived in America, so in order to be able to use the phone we had to turn the internet off in the house, you know nobody could use any internet.

Q Oh, because it was a dial-up connection wasn't it, so it came down the phone line.

A And that was when I was probably....you're talking probably just over 20 years ago, it's not that long really.

Q Oh I like that one.

A Are you watching football skills on there?

D Ronaldo.

C Christian Ronaldo.

Q That's right, you were showing me weren't you, the video.

C He actually has more tricks in his World Cup than you see on TV.

D So that's Ronaldo there and then....

Q2 ???

C That's the one I filmed.

Q That's right I remember you telling me. Yeah I've got a recording of that, you can see. So I learnt much more about football skills in that time.

C Oh this is Mario.

Q Oh is it, OK.

C Mario.

D Go, go, go.

A Oh you're watching the video back aren't you, of you two playing on the Mario?

Q That's right yeah, that was the GoPro, yeah.

Q2 That's you pointing there, Essa. Do you remember what you're pointing to?

C That's me.

Q2 Is it?

A What are you pointing to on the screen?

C And then look on to the next one.

Q2 I think he's pointing to himself.

A Oh really?

C It's good.

D ???

C Oh that's on Mario where he goes ???

Q It's on Mario?

C Yeah where he goes ???

Q Oh fly in the sky.

C I did it.

Q Excellent. I like Mario. OK, is that it, or is there more? That looks like it's it. So let's just have a quick look at these ones as well, because we could have the ones from the WhatsApp as well, because you sent some absolutely fantastic pics.

OK so I think we've got quite a lot of information about these. It's more just which ones you like out of these ones that mum's sent.

Q You like that one?

A Yeah.

Q OK so what's on this one again?

C I like this one that's like that.

Q Oh yeah, are these the latest ones then?

A They might have been a bit ???

Q Yes.

C These are all mine.

Q That's the 19th of November.

C And these, I want that and that, and a gun that he's probably used ???

C That one is outside.

A Can you explain this.

Q Oh you were telling me about this at school weren't you, the electric post, yeah.

A If you look outside you'll see it, you know, and then it's ???

Q You were saying about you know the way that electricity gets into houses, I was a bit confused because I hadn't seen the picture then. You were telling me, you were saying to me when I came to the classroom.

C ???

A They go inside don't they?

Q Yeah that was exactly what you said wasn't it. But I was a bit confused because I hadn't seen the picture.
