

Q = Main interviewer (Cath)

Q2 = Second interviewer (Alex)

A = Mum (Denise)

B = Dad (Travis)

C = Child 1 (Jeremy, aged 11)

D = Child 2 (Cerys, aged 9)

C Because I can make my voice ??? high. And honestly my voice can change on its own but the.....sometimes that happens.

Q2 Yes, that's normal. So what do you usually play with these?

C Yeah, ??? plays with the....don't know exactly what it's called, this.

Q2 Big ???

C And ??? And this would be the little sister and this one would be the baby.

Q2 I see.

C Cerys would play the mother and the big sister. And basically if they are very cold OK the baby would be the coldest. So the baby would get inside here in the little sister, and then the little sister would get inside the big sister, and then the big sister would get inside of the mummy ??? It's a lot of fun. But sometimes if I want to be ??? it is actually longer even though I then get shorter. I take all of their heads off OK, the top parts off, then put all of their bottom bits in there ??? got their heads ???

Q2 Oh I see.

C But ???

Q2 I see.

C So then we do that and we usually play it for about half an hour and then we get bored and do something else.

Q2 Is there any particular time, or just whenever?

C Whenever.

Q2 Whenever, OK. Is there anything else that you do on the computer?

C No not really. Sometimes I do play some games. There's an app called 101 Games and I sometimes play it, not often. Last time I played it was probably....it's a long time ago so I don't remember much, apart from that I had a purple background and ??? colours. I don't like pink and purple.

Q2 Pink and purple?

C Yeah. A little bit of green but... probably why I like it. From then not much, all colours I like but.... they're all good, I mean they're a part of being the sun, they're colours of the sun and it's part of white light. And white light isn't even a light, it's just no light at all. Like that is absorbing all the light that is landing on it. The white wouldn't absorb any. Your genes are absorbing all light but spreading out the blue, which is how you see ??? colours.

Q2 Where did you learn that?

C A few years ago.

Q2 Was it in school or somewhere else?

C YouTube.

Q2 YouTube, you used YouTube.

C Most of my time ??? is probably YouTube.

Q2 Do you do a lot of YouTube ??? as well?

C I learn by ???

Q2 Any favourite channels that you have, or do you just browse randomly?

C I just browse around. I had three favourite YouTubers, one of them I've kind of stopped watching so often, and one of them swears a lot so I don't watch it because I don't want to ??? the swearing type. But then there's one, OK, which is called ??? Time. It's kid friendly, it's pretty fun, and the animations for it are pretty good. The other one which doesn't swear is Fluff ???

Q2 OK.

C Well ??? again, like I was just being ??? occasionally. Basically it's just a bunch of blogs, simple animation but very funny. And they even added in the fact that it was an animation, because ??? character would sometimes, the editor animator really, would actually animate it in his own mouse cursor.

Q2 Oh OK.

C And then like one of ??? arms or swing them around ??? And then there's the one that swears.

Q2 The one that swears?

C And my sister sometimes watches them. Honestly I learned nothing from them. And they have one that, they sound ??? yeah is that they ??? they say ???

Q2 OK.

C They have multiple different characters but none of them that I like.

Q2 Oh dear.

C They swear a lot, which I don't like. And then there's also a smart one that can be anyone. As I say, I know that those facts because I was ??? is another animation, they are all animations which I don't like ??? because they swear. One of them I just kind of stuck to watching over time. And then there's ??? sometimes. I still watch it. I still watch it just not as often ??? I've just been watching it every time I ??? the screen – not any more, got a little bored.

Q2 In one of the future visits would it be OK if you show me, would that be alright?

C Yeah.

Q2 We'll keep that in mind and I'll ???

C Planner Dobian? is the one that swears.

Q2 The one that swears, OK. We don't have to watch that one if you don't want to, that's fine.

C I think I'll be leaving that one behind.

Q2 Yeah that's fine, just show me what you want to show me.

C I'll definitely shove that in the Trash.

Q2 OK. That's OK, that's fine.

C A lot of favourite is saved to videos. Most of them are from.....
