D (talking to AH) I've seen a drone, a real, real drone with a little, little human in it.

Q2 I see, a little human?

D And it was flying towards....like someone's....

Q Is that something about a drone that you saw? Yeah?

D Yeah.

Q Do you remember what was happening in the YouTube film on the drone, do you remember what you saw and stuff? Was it like people flying it, were they in it, or was it like a cartoon, or was it a real proper film of a drone or....

C It was an actual drone, remote control one now.

Q Wow. Have you got a remote control drone?

C No.

Q Do you know we flew a drone over Meadow Banks [Primary School] playground one time. When I was doing that research we were doing at your school. I'll try and find the film of that and I'll show it you. Can you imagine? It took a film of the whole school, it was really cool.

D You could get one. I'm going to get one for my birthday.

C I saw a drone in Meadowhall, and I went in the shop while I wasn't allowed it.

D I've seen one, like one, I've seen one in....

Q Have you seen one as well? Wow.

Q2 Can I take a picture of that with you?
