

Q = Main interviewer (Cath)

Q2 = Second interviewer (Alex)

A = Mum (Denise)

B = Dad (Travis)

C = Child 1 (Jeremy, aged 11)

D = Child 2 (Cerys, aged 9)

Q2     There you go. What is it, it's an Xbox 360 controller, OK.

C       Yeah it's an Xbox 360....no it's an Xbox One controller. And we only have Xbox 360 in this house so I'm pretty sure this is an Xbox One controller because I'm not familiar with it.

D       Yeah.

C       But yet it still has the Xbox sign on it.

Q2     Good, excellent. Cerys what do you know about this?

D       It's an Xbox controller.

Q2     Just one second, OK, usually it's posted as activity.

C       Yeah I haven't exactly played an Xbox One.

Q2     Have you not?

C       No.

Q2     OK, how about this one?

C       That would be a phone.

Q2     Yeah.

C       And Pokemon Go, yeah on Pokemon Go, I keep coming across that on there. And I'm pretty sure that's a Samsung phone.

Q2     So you know what kind of phone it is, OK.

C       I'm not exactly sure.

Q2     Do you play Pokemon Go at all?

C       No, no I don't, but I do know that's a Squirtle.

Q2     You do know that's a Squirtle, OK.

C Yeah.

Q2 Do you play any other kind of virtual reality games like that, where you take them outside?

C No, I actually don't have any virtual reality.

Q2 Nothing like that, OK. How about you Cerys, do you play....

D Most of my friends are a sorry state? so I can only get What's App. This keyboard that lets me kind of customise it.

Q2 OK.

C Yeah these are all the games I have, mainly Stickman.

Q2 Is it OK if I take a photo of that a little bit later, is that OK?

C Yeah.

Q2 OK. Meantime, next picture ??? OK. This one might be a little easier ???

C ??? games, ??? games are very hard.

Q2 There you go. This one you know.

D It's an iPhone, it's an iPhone.

Q2 It's an iPhone.

D Yes.

C Oh yeah, it's an iPhone. Our friend [girl's name], she has one.

Q2 She has one, OK. Is that something you've played with before?

D She had one until she dropped it in the toilet!

C Good point! Then she had to get it out and put it in some rice. What's next?

Q2 This one?

C Oh that's a laptop. I think that's a Nak? [Mac?] I'm not exactly sure, in fact I....

D Is that something like Scratch?

C I think so, yeah. Yeah it has that ??? Yeah this is Scratch.

Q2 There you go.

C Yeah, I just think it might be a drawing.

D I know it be like, because he drew it on....

C At school, yeah.

Q2 Is it something you do that school?

C Yeah. We do it in secondary school as well, just it's a different....it's not Scratch, inside it's like a great....our code, Minecraft.

Q2 Is this something that you do a lot at school?

C No.

D No.

Q2 Once a week? Once a fortnight? Once a month? How often?

C Mine is just random. Cerys really doesn't know, it could be like one year and then one day. For mine it's usually about weekly, every Tuesday first period.

Q2 Every Tuesday first period, OK.

C But then again ???

D Minecraft, Minecraft.

C Yeah that's obviously Minecraft.

Q2 There you go, I figured you'd know this one.

C It took me a second because she brings out more, but I still know more about Minecraft somehow. I still, even though she plays it more, surprisingly.

D Play it on the computer.

Q2 That's good.

C Yeah you've got it on your computer, you have 1.14. Yet I stole? a used Xbox and I don't play it nearly....almost ever, but she plays it a lot more and yet I still know more.

Q2 We're skipping ahead, OK.

C That's Minecraft.

Q2 Is there anything else in here that you notice?

D Blue sheep.

C Blue....there's a light blue sheep.

D We dyed it dye.

C There's shears, green dye, two grey ??? wool, light blue dye and light blue wool.

D Because they get an older version.

C It does look older so I think it's probably...from the details of it I think it's about 1.7 because we used to do that. And I know it's whatever version you have, I've forgot what it was, but it's a mobile version for tablet. And judging from their hands, I'm not exactly sure but this is just my opinion, I think it might be a girl playing it.

Q2 OK, and what makes you think that?

D Nail varnish.

C Nail varnish, I find most people are girls that wear them. But then again there are some boys on it. And also from, if you look at mine and Cerys's hands you can see that Cerys's hands are slightly smoother, and I find that on all girls. And so if you look here they're smoother so I think it's a girl.

Q2 OK. Is there anything else you notice at all? That's the most detailed answer that anyone has given us.

C Well I can see them more as ??? bricks over here with....

Q2 Oh wow.

C And then the hearts are up here for the lives, and the movement here looks like she is trying to move forward because that top button is smaller than the other buttons, which means it's being pressed. And it looks like she's going to punch it, because it looks like she's about to tap and she isn't on her shears, so she's about to punch it and you damage the sheep.

D Punch it or move the head and turn around.

Q2 OK.

D I can also see a little detail down there.

Q2 Wow. OK. You two are incredible, I don't think anyone else has gone into anywhere near that much detail. One last thing, what are they playing it on? You said it's a mobile version.

D Tablet.

C Yeah it's a tablet, I already said that.

Q2 Did you? OK there you go, I must have missed that, there's so much detail. OK next one. How about this?

D Don't know.

C That's like a ??? I'm pretty sure that's a Furry.

Q2 A Furry?

D But I don't what it. If I did get it I'd....

C I'm pretty sure that's a Furry, I keep coming across it on ads a few years ago. I'm pretty sure that is a Furry or some other gamey thing.

D If I ever get one of those I'm going to burn it.

C Yeah, if I do get one of those I'll grab and sledgehammer and literally whack it into the sun, grab it out, and then dunk it into water down to the Marianna Trench, leave it there and then drop a ??? on it.

Q2 Oh God.

C And then I'll throw it back into the sun and then drop it in lava.

D ??? I see the ???

C And then slash it with a sledgehammer.

Q2 That's quite a bad reaction, poor Furby, oh well.

D It's an Alexa.

Q2 It's Alexa, OK.

C Yeah from Amazon, because they're....

Q2 Is this something you play with at all?

D No, don't have it.

C No we don't have it.

Q2 You don't have one, OK, do you know anyone with one?

C No.

Q2 No? OK.

D ???

C He's a YouTuber.

Q2 A YouTuber, OK.

C He has one, but I don't watch him really.

Q2 So where did you find out about Alexa, is it...

C Ads.

Q2 Ads, OK.

D Not either but my friends just keep telling me about it.

Q2 OK your friends keep telling you, OK, so friend and ads, that's interesting.

C So maybe they have one, or they keep coming across....

Q2 Do you know how they work?

D You say 'Alexa' and then they'll turn on and you can ask them any sort of question.

Q2 OK.

C I'd ask it 'can you die?'

Q2 How about this one?

C Oh I'm pretty sure I had one of those, too bad it broke. It was like a robot which has like controls on it so then you can like make it go forwards, pick up stuff, that sort of stuff. And judging from what ??? it's made out of Legos.

Q2 OK. What do you think Cerys?

D One thing that it reminded me of is Sheffield Steelers when I noticed the hockey stick.

Q2 OK, so it's a hockey robot, OK.

C Yeah it looks like that.

D Let's go Steelers!

C Oh, and that might be a target and that could be...and then they just need to have left it up and that's the....

D And they slam into the ground and break it.

C ....hook, then. I'm not exactly sure what they are called. Puck.

Q2 Puck, OK.

D Oh, real, real.

C Oh virtual reality goggles. From what some of my friends have, they just have like goggles, like cardboard goggles and then they just pretend they're foam. But some actually have virtual reality games, like this little girl here.

Q2 Yeah.

C For all I know she could be playing Job ??? Plato, which is a....

D She could be playing Minecraft like [male name] did for us when we were in the field.

C Yeah.

Q2 Oh, what happened?

C He was actually the....I'm pretty sure he was the person who made virtual reality Minecraft. And he was just walking along in it OK, and then I just came across a creeper and I was like....

Q2 OK, so is this a friend of yours?

C Er...yeah.

D [Male name] is the one that we meet at Tewkesbury Festival, because we go to festivals every year.

Q2 OK.

C Yeah, and it's one every year. He's a fun guy, he's proper fun.

D He made it and I always got stuck on when I was trying to jump, because I actually jump in real life but it's not working, I'm like.... everyone's spinning me around.

C Yeah, or me, I was just mastering it. Because I'd always be like 'OK I need to jump' and forget to jump in real life. But then I'd just be like 'eek' and it would actually work somehow.

Q2 OK.

C I remember when I came across the creeper, another creeper after the first one, I was like...I forgot to move my legs. But it was pretty fun. And then I fell off the void somehow, I just ??? through blocks and fell out.

Q2 Oh that's not very good.

C No, not fun but it really surprised me and it made me laugh.

Q2 Is there anything else you notice about this?

C She's pretty young, I'd say about 3 or 4.

D She looks like she's about to die.

C We both don't like pranks? so that's probably why she said it.

Q2 Right. Is there anything else you notice about the headset, anything at all? It's OK if not.

C I think it's pretty new, like maybe a few days old, maybe...

D Looks small.

Q2 Looks small, OK. Next one.

D DS, DS, DS.

C Oh DS's. There are three DS. We used to have it, actually we do still have them. She just went to grab hers I think – or it was mine, where's yours Cerys?

D There's just this one.

C She put stickers on mine.

Q2 She put stickers on yours? Whoops.

C Geees. It happens a lot. We did lose the charger for them. But when we first got them we would not get off them and we would stay on them for as long as possible.

Q2 How long ago was that?

C About 5 hours, or maybe longer.

Q2 Maybe more than 5 hours, OK. How long have you had the DS, when did you get it, how old is it?

C It's actually....well mine is probably about 6 years old.

Q2 6 years, OK.

C My phone is a lot younger.

Q2 OK.

C So overall I really do ??? back to my DS.

D They do a different one.

C Yeah.

D You don't have that little joystick.

C No, but then again they did upgrade them.

Q2 OK, that's fantastic. I don't think anyone else has given answers anywhere near....
