

Q = Main interviewer (Cath)

Q2 = Second interviewer (Beth)

A = Mum (Diane)

B = Dad (Julian)

C = Child 1 (Simon, boy, 8)

D = Child 2 (Harvey, boy, 6)

Q2what they are, and then like if you play with them and what you like about them, or if you don't know what they are and if you don't play with them. Is that OK?

D OK.

Q2 So if we start with Simon, do you want to put that one back down there?

C Is that sound [unclear]

Q2 It's recording us, yeah, recording ourselves, all the things you say, because you say some really interesting things. Because you've mentioned already that you know what some of them are. So do you want to put this one down here so we can all see it?

C I think this one is a controller to play video games.

Q2 Mmm, yeah.

C It's an Xbox controller. And we played with an Xbox before with our cousins and we played Minecraft and FIFA.

Q2 Oh OK, cool. And so like have you played with other games consoles as well?

C Me and [unclear] the Playstation. And I played with a Wii. And I've played with an N64!

Q2 Are you watching the volume on it? Yeah. So how would you say that you've played with...or you do play with games consoles, how frequently?

C Every time we do our homework.

Q2 Oh OK, so once you've done your homework you get some time on it?

C Yeah.

Q2 And how do you play with them?

C We play video games.

Q2 I'm going to turn this the other way, because you need to concentrate on those.

- C Hello, I'm Inigo Montoya, you killed my father, prepare to die.
- Q2 What's that from?
- C It's from a film called The Princess Bride.
- Q2 Oh OK, cool. And who do you play games consoles with normally?
- C Daddy, [girl's name], [boy's name], [boy's name], [boy's name]
- Q2 So like friends and family?
- C Yeah.
- Q2 And do you say that you play with them or you don't play with them?
- C We play with them.
- Q2 Yeah? Cool, awesome. And then what about this one?
- C This one, a VR mask. I've had a VR mask once. My cousin has one and he's got one where it shows you different worlds.
- Q2 That's really cool, and how does it work, do you have to put a phone in it, or is it ???
- C Yeah you put your phone in it.
- Q2 And what did you think about it?
- C It's ???
- Q2 And do you know what this one is?
- C It's something where it shows you to a different world and you choose your person. And then you get to go into a world like I am Batman, Surf and Battle.
- Q2 That's really cool. And so would you say that you play with them or you don't play with it?
- C I do.
- Q2 Where have you played with it?
- C Well we don't have one of them but we would probably be playing with one.
- Q2 Have you played it at like a friend's house or something like that?
- C ??? Our friends when we get them round.
- Q2 Oh OK, is this what you were talking about then?

C What?

Q2 That a friend brought them round?

C Yeah.

Q2 Awesome. Cool.

D It's Raining Tacos....whooo....

C Do you know this song?

Q2 I don't, no, what's it from?

C It's by Parry Gripp

Q2 Oh I think I've heard of him but I don't know this song. So what about this one?

C This is an Apple iPhone.

Q2 I'm using it so that we can listen to what we said later on.

D OK.

C So an Apple iPhone is a kind of technology where you can do good things and then gossip, and you can be gossiping. This is an iPhone.

Q2 And do you use phones or...

C My dad and mum use one.

Q2 Do you get to use them or do you play games on them at all?

D We die every time.

Q2 So do you play games on them?

D Yeah.

Q2 And how about you Simon, do you play games?

D This is Minecraft.

Q2 Yeah, so let's just do this one first and then we'll move on to that one. Otherwise we're not going to be able to hear what you're saying.

D OK.

Q2 So what about you Simon, do you play games on.....

Simon joins in parent's conversation

A It was banned wasn't it?

C Well it's not banned any more, the ban's off.

B No, no but we were talking about doing homework and stuff weren't we, after homework on a Sunday and stuff like that.

A I'm trying to get them into 10 minutes homework every night.

C Well that's not going to happen.

A Well you won't ever get computers or TV, so...

C Does that include both of us?

Time 5:00

Q2 Do you play games on phones?

C Depends what game it is. Sometimes word connect or ??? puzzle.

Q2 Aha, and is that on like your parents' phones?

C Yeah, and Tetris.

Q2 Cool, awesome, that's brilliant. So about...what's the next one ???

C Scratch.

Q2 Yeah. And do you know what it's being played on?

C On the computer, and I like Scratch because I programme weird and whacky things to do, weird and whacky things.

Q2 OK cool, and do you do that at school?

C Sometimes.

D It's a game, it's a game that you can play.

Q2 And what is it?

C ???

D I'm just showing her. So it's something....

Q2 Do you know this one too Simon?

D It's actually his.

C It's my game.

Q2 Are OK.

C But we do share games.

D No I'm two player and you have to race other people if you want, but you don't have to.

Q2 OK, so can other people like join the game or....

C Yeah, you're allowed up to 3 player.

Q2 And do you all have to have the game cartridge or can you....

C No you can do single cart and multi cards.

Q2 OK, and what does that mean?

C So a single card is where you play multi player but you only need one card and somebody goes on ??? connection.

Q2 Oh OK cool, because you can do that with Mario Kart as well, right?

C Yeah.

Q2 Cool. And so do you like the games that are kind of like multi player that you can play together?

C I like Super Mario best.

Q2 Is that your favourite one as well?

C Yeah.

Q2 Awesome. So do you like the kind of like co-op games as well, like the head to head ones?

C Yeah.

Q2 Awesome, that's really cool. And so do you use Scratch at home sometimes or is it mainly at school?

C So I just finished that one in second place.

Q2 Good job.

C And then I go on to the next race, and then you have to find the next race. It's this one again but a different race.

Q2 I see, that's really cool.

C ??? saw somebody do this.

Q2 It's OK, don't worry, you can feed him whenever. And so do you mainly do Scratch at school, or do you prefer to do it at home?

C Sometimes at home, I've got my own account. My Scratch means everyone ??? 3 is my lucky number and ???

Q2 That's true, and what made you choose that one?

C I don't know ???

Q2 That's fair enough. And like do you go on like laptop or computer any other time?

C The computer is a laptop one that closes up like that.

Q2 Yes, a laptop. So do you go on the laptop sometimes?

C And I watch my replay.

Q2 And what else do you do on the laptop?

C Er....look at the Beano website and do Times Table Rock Stars and ???

Q2 Awesome. And what do you like about those?

C I like the Beano thing because everyone has always like new ???

Q2 Oh so you can get ideas, yeah.

C I've done the bucket one ???

Q2 What's that one?

C You put some weeds in a bucket ???

Q2 Oh OK.

C I filled it with custard.

Q2 And what happened then, what was the reaction?

D So now I'm on to a different place.

Q2 Is that when that tends to happens with your ???

D So now I'm on a different place with a different kart.

Q2 Aha, OK.

D And then....but when you want a hard? space? you can either skip it or keep trying, like I would, because I normally keep trying.

Q2 Yeah, because you want to like succeed, you want to pass it.

D Yeah I want to pass it.

Q2 That's cool. And do you ever go on like laptops Harvey?

D Yeah, only to do MyMaths

Q2 Yeah, just your homework, is that the only thing you use them for?

D I use them because in my learning ??? I'm allowed to do MyMaths

Q2 Ah OK, is that Times Table Rock Stars? Yeah?

Conversation going on with parents

Time 10:22

Watching film

D Also if you want to stop ???

Q2 Oh OK.

Conversation going on with parents

C ??? Minecraft.

Q2 Yeah. And what about this one? And so do you want to play that as well?

C Yeah, I love that.

Q2 Can you turn that down like a little bit because we're talking and then I can hear you.

C Except I'm rarely ever ???

Q2 OK, so what do you like about it, what do you like?

C You get to build? you get mobs, and explode things. You explode things with TNT.

Q2 Right OK.

C Pour lava over cobblestones, and send TNT ??? dragon.

Q2 Aha, and have you ever done that bit?

C Yeah.

Q2 Oh awesome.

C I've done it ??? times.

Q2 Oh wow, and is that on your Playstation?

C Yeah. It took....I'm literally sitting there throwing ender eyes for about an hour waiting for them to ???

Q2 Takes a long time doesn't it? It is pretty tricky.

D This game's tricky. You can never stay on this game.

C And basically sometimes I make survivor ??? go creative, like I do PBP battles.

Q2 Oh OK, cool.

C I like to do what YouTubers do, so I do a PBP battle with friends. So basically we have two day and nights of ??? a fortnight in Minecraft world to get all the stuff we need. Sometimes you have ??? sometimes two day and nights. And so we basically, we get it all and put it in the chests and make our castles and fortresses and then we battle it out in survival.

Q2 OK cool, and is that sort of like you die? not be part of the game by killing them?

C Yeah, whoever wins kills the other players.

Q2 OK.

C And once I used the tactic of setting dispensers around my friend's house and in his friend's house, I put ??? where they fire and fired ??? at his house. So I chased him into the house and creepers exploded him.

Q2 Oh wow that sounds like a really good tactic, how did you find out about that?

C Basically I got a dispenser and put some Xbombs in it and they shot through the holes and the creeping zombies and things like that came out.

Q2 That sounds really cool.

C And then I also did this ??? where you break it and a line comes down to get up to the top of your house, you had to go through lava which is basically ???

Q2 Yeah that's what they tell you isn't it?

C Yeah, and then I built a tunnel because we're not allowed past all the other players land on land, so I built a tunnel all the way inside his, put TNT in it, and then....and then I pulled the lever and it exploded.

D What, his house?

C Tactics, yeah.

Q2 And where did you find out about the tactics, like did you discover them yourself, or did you...

C Discovered them from YouTubers ???

D Simon, who's house?

C [boy's name]

Time 15:00

D What, you exploded [boy's name's] house again?

C In the PBP battle.

Q2 Do you play PBP battles with like people that you know?

C Yeah.

Q2 Yeah.

D Simon, do you want to play a video game to get one red cheek?

Conversation going on with parents

Q2 And do you know what this is being played on?

D iPad.

C iPad.

Q2 And do you ever go on like an iPad or tablet or anything?

C More phones and the TV and laptops, never really iPads.

Q2 Yeah, that's cool, that's fair enough. And what about you Harvey, do you play on tablets?

D Well I keep asking my mum and she said 'no' as in I'm not kidding.

C The DS is ???

D So it's not really ??? But they get to have their phones every day and my mum has a really ??? all day and we can't.

Q2 Mmm, and you don't think that's fair?

D No.

Q2 What about this one, do you know what this one is?

D Dave.

Q2 Have you named it Dave?

D Yeah I named it Dave.

C What is it?

D Are those like those ??? things that they've always got adverts about in the eggs.

Q2 So it's called a Furby. And so it comes like this and you can talk to it, and you can ask it to sing, it's eyes open shut, it's ears move, it's mouth opens and closes.

D Is it annoying?

Q2 It depends what you think of the noise.

D Does it repeat things you say?

Q2 It can repeat things, it can sing things, you can play games with it. So it's kind of like an interactive kind of toy.

D Can you play Tig with it?

Q2 You can't play Tig with it because it doesn't really move. It's just its ears and stuff that moves. So it's really ??? ??? So are you going to ???

D Has it loaded?

C Lego guy.

Q2 Yes we're just doing these first and then we'll look at the videos.

D Do we have to do the ??? one?

Q2 We do I'm afraid.

C This is like a robot.

Q2 Aha, and do you know what the robot's made out of?

C Lego.

Q2 And like you've got quite a lot of Lego upstairs haven't you?

C Is he playing golf?

Q2 So it's kind of like a robot you can control and he's got like a ??? play games with it. Have you ever played anything ??? where you can like ??? electronics.

C Break-dancing robot.

Q2 Oh wow that's cool.

C But not out of Lego.

Q2 Yeah, that's cool. And it did break-dancing stuff?

C Mmm.

Q2 That's cool. How about you Harvey?

D Yeah we build stuff. We also went to a place that ??? and it really built. Because we builded some ??? Lego.

Q2 Aha, that's awesome. You did that with the school?

D No we don't really.

C I've got one, I've got another one, I've got the next one. This is Pokemon Go.

Q2 Yeah that's right. And so have you ever played it?

C Once with my friend Jake, and we caught some mega charizard Pokemon, the powerful-ist Pokemon there is.

D No, there's another one.

C Mega Charizard.....

D No, because I had him....

C The blue Mega Charizard.

D Yeah but anyway....

Q2 Is that like the shiny version?

D Yeah.

C They're both shiny versions.

Q2 OK.

D But I had the red one and he did 300 damage ???

C Yeah that's the one that we've got.

Q2 Aha, and you played this ???

C Yes I have, I played ???

Q2 Ah OK, so you've played it with friends. And did you say that you still play with....have you played any other kind of like augmented reality games?

D Yeah we have played another version of Pokemon.

C The ???

D ??? rock, yeah ???

Q2 Have you played with any other games that are like augmented reality where you can kind of like see something there, but then only on the screen? No? That's cool, awesome. I've just got a couple more.....sorry.

C It's a Nintendo 3 DS.

Q2 Yes.

C Still got 15 minutes.

Q2 Yes. And what about this one?

C That's an Alexa.

Q2 Yeah, and have you got Alexa? Do you use it?

C Yeah, I don't know where it is, but yes we do. Mummy had to hide it because he kept playing Crazy Frog.

Q2 Ah I see.

D And you were playing songs too.

C I was playing It's Raining Tacos, that's not that bad.

Q2 What is this Raining Tacos from?

C It's from Parry Gripp.

Q2 Oh right, Parry Gripp.

Q Is it in that film ???

D No. Oh maybe it is.

A Oh yeah.

C Can I do a ??? I think it is, I think it is.

Q2 Yeah there's definitely a ??? it starts raining food, it's like....

Q Oh is that where It's Raining Tacos is from? I'll ask my boys, because I think they've maybe seen that. Their uncle put them on to that, they said it was a really good film.

Q2 It's a brilliant film, yeah. And the second one is too, it's really good.

Children singing It's Raining Tacos

Q I think there's probably not going to be any time for the Go Pro.

Q2 Well it's all loaded, so we can just have a little look at what's been....

C Yeah let's watch the videos! Let's watch the videos.

A I was just saying, is it interesting going to all different families, everybody's different views?

Q2 Yeah it's really interesting.
