Q2 If you'd be able to like kind of go through the pictures and then tell me what you know about them and then put them into whichever category you think maybe? Yeah?

E Basically this is what hatches, and then you just get it and it takes like 3 hours.

Q2 Aha OK, so do you want to it to talk?

E ??? or something.

Q2 OK cool.

E This is I think what you put on your head and then you play with, and it looks like it's on real life.

Q2 Ah yeah, do you know what it's called?

E I used to but I forgot.

Q2 That's OK. So it's called virtual reality. And so like have you ever tried virtual reality?

E Yeah my....a friend of my cousins had it but we had to pay to play with it.

Q2 Oh OK cool, was that like on a phone or was it a separate device?

E It was a phone.

Q2 Oh cool. And so if you want to go through them first, yeah that's cool. So what about this one, sorry I missed that one.

E This is a phone. You can play games, you can watch You Tube, you can have WhatsApp, you can Facetime and call whoever you want.

Q2 Awesome, brilliant, that's fab.

E This is like a robot, and you need to have a remote and you just move it around. Like a remote-controlled car but it's a little bit slower.

Q2 OK cool, that's awesome. And have you ever built one like that before?

E No.

Q2 Awesome. And what would you say that one's made out of? Is that out of anything....

E ???

Q2 Yeah awesome, that's brilliant.

E This is an Xbox, well you basically play on it. But it's like squashed?

Q2 Yeah, why would you say it was squashed?

Another conversation

A PlayStation 4, how long have we had it for? 2 years?

D You mean when we got it?

A Yeah, it wasn't 2 years.

D 2016.

A 2016?

D Like 3 years.

A 3 years. And before that we had PlayStation 3, right?

D Yeah.

A And how long did we have that for?

D I don't know.

E Like 4 years, 5 years, 6 years.

D I don't know.

E Yeah, yeah, 4 years. I remember when it first came out.

A Who bought you the PlayStation 3, where did you get it from? Where did it from, me or from [Dad's name]?

D I don't know. What, this?

A No PlayStation 3. I know it was from [Dad's name]. Yeah it's their dad. Their dad introduced them to PlayStation 3.

E This is the Xbox, this is the speakers, that's EU speaker.

Q2 Pardon?

E I don't know why they call it, but it's basically the speaker. That's an iPad, playing ??? This is like a MAC book or computer and they're learning stuff.

Q2 Oh awesome, have you seen that programme before?

E Yeah.

Q2 Have you done it at school?

E Oh this is Pokemon where basically you throw it and you just get it and it looks like it's in real life on your phone.

Q2 Yes so that augmented reality games. And you've played that one?

E Yeah I've played it.

Q2 Yeah? Awesome.

E This is a Nintendo Wii. It's like Xbox with the controls but it's like different, because look ???

Q2 Yeah, and this is like portable isn't it, whereas your Xbox like you can't really take anywhere.

E Yeah.

Q2 Awesome. So if you want to go back to ??? and put them into the categories and I'll ask you a few questions about them. So have you played with like....so this one's a Furby, so have you ever played with a Furby before?

E No.

Q2 No? Cool. So where would you like to put it? In 'I do not', 'I play with', or 'I don't know'?

E 'I do not play with'.

Q2 Yeah. So this one here, awesome. So the Nintendo DS?

E 'I don't ???'.

Q2 Yeah. Have you played with one before?

E Yeah we had it but not like this, but we had like....this is a newer one but we had like one what connected to a TV.

Q2 Oh the Wii?

E Yeah.

Q2 Awesome, that's cool.

E Pokemon, I have played with.

Q2 And when you played with it, do you have a phone you played on, or was that on someone else's phone?

E My mum's.

Q2 Aha, did you go on like walks and play it, when you're out on walks?

E Yeah.

Q2 What did you like about it?

E It's just it looks like it's real, but when you don't see anything ???

Q2 Yeah, so when you move your phone like it's not there anymore. Yeah?

E Yeah.

Q2 And how often do you play it?

E I've probably played it for like a couple of months, but I don't play it anymore.

Q2 No, that's cool, that's fine. And what about this one? So this one's the laptop, yeah?

Time 5:00

E This one's a laptop. I'm not....I think by learning, ??? scratch, make it on ???

Q2 The coding, yeah that's alright. Have you done that at school?

E Yeah.

Q2 And do you play on like a laptop at home at all or....

E Yeah we've got a laptop.

Q2 And what do you like to do on your laptop?

E Watch Netflix, we watch YouTube ???

Q2 And do you like go on the laptop together, or is it something that you'll do by yourselves?

E We sometimes go together. ???

Q2 That's cool. And is it one that you all share and you like negotiate, or....

E Yeah. ??? big brother ???

Q2 OK, I see.

E This is Minecraft. Yeah I've played it before on the school iPad.

Q2 Oh awesome, and have you played it on like the computer or anything as well, or the PlayStation?

E No.

Q2 No? That's cool.

E I've played it on PlayStation.

Q2 You've played it on PlayStation.

E We used to have it but it just broke.

Q2 Aha. And what else have you played on like iPads and stuff, or tablets of any kind?

E Mr ??? ???

Q2 OK that's awesome. Do you have ??? that you play on like at home?

E Yeah but the Home button doesn't work. So if you turn it on it will go off again, you just press the ???

Q2 Yeah, so you have to like turn it on and off again to like go on something else.

E Yeah.

Q2 That's cool. And so this one is Alexa.

E This is Alexa. Alexa, no I haven't had it. But in my cousin's house they like have Amazon Alexa ???

Q2 Oh OK. So what do you ask Alexa to do at your cousin's house?

E Not so much, we don't use it that much.

Q2 You don't use it that much?

E No.

Q2 That's cool. So would you put that in 'you play with it' or 'you don't play with it'.

E I think it's both.

Q2 OK yeah that's fine. So you can put it in either, it's up to you.

E I'll just put it in there so we can both touch it.

Q2 Yeah that's cool, that's a really good idea actually.

E Xbox I've played with.

Q2 Mmm, and you play PlayStation as well don't you? So what do you like about like games consoles then?

E It's gets you creative, it makes you like better, it makes you learn about stuff.

Q2 What kind of things does it make you learn about do you think?

E I'm not so sure. There's one I play, this game, FIFA and Street Fighter, that's all I really play.

Q2 Oh that's cool. And how often do you think you play?

E I play FIFA like not that much but a lot much. And then I play Street Fighter for like 2 years, 3 years, because my dad got it for us. Then I've never used this before.

Q2 So it's kind of like a Lego robot. And have you done any other kind of like....do you play with Lego at all?

E We played with it in school.

Q2 And have you ever like built anything that kind of like then has a remote control, like you put it together?

E No.

Q2 That's cool.

E A phone I have.

Q2 Yeah, so have you got your own phone or do you play on someone else's?

E No I've got a phone as well. iPhone 5.

Q2 Oh awesome. What do you sort of use on your phone then, because you mentioned quite a few different....

E I play games, I watch YouTube, and that's all I probably do.

Q2 And do you go on WhatsApp and ??? or do you not have that on your phone?

E Yeah I go on it to text my mum.

Q2 Oh cool, so is it mainly for like communicating with family and things?

E Yeah.

Q2 That's cool.

E And I just use my iPhone just for like watching....

Q2 So do you like go on YouTube on your phone and stuff like that?

E Yeah.

Q2 But would you use sort of a tablet more for playing games?

E Yeah.

Q2 And do you not play as many games on your phone?

E No.

Q2 OK that's cool.

E I haven't used this ??? I play it on me but I can't see the stuff ??? phone.

Q2 Right, oh OK.

E So I just put....

Q2 ??? you feel like it should go?

E There.

Q2 Awesome.
