

Q Julia Bishop (researcher)
Q2 Beth Nutbrown (researcher)
A Lindsay (mum)
C Noah (9)
D Jacqueline (5)

Q2 So what about this one, what would you say this one is?

C I play with this.

Q2 Yeah, and what would you say it is?

C LEGO.

Q2 Yeah. And is there anything special that you can tell about that LEGO?

C No, is it ??? little wires.

Q2 Yeah, so it moves with little wires. So have you built anything out of LEGO that like moves, or any other kind of robot?

C No, I haven't got like the wires and the technology.

Q2 Yeah, oh that's cool.

C I've got like this wire battery with battery, you plug it in and the wires stick out and the brick lights up, but I haven't ???

Q2 Aha, that sounds really cool though. So where would you put this? Do you play with it? Awesome. Brilliant. What about this one, have you seen this one before?

C Alexa.

Q2 Aha yeah. And what do you know about Alexa?

C Nothing. Wait, yeah. When you speak to it, like a song what you want, then it puts it on.

Q2 It is quite cool isn't it? And have you ever used Alexa?

C No we haven't got one. But like you can get like another one what can turn the lights off.

Q2 Aha, and is that also Alexa or is that something different?

C No Alexa. You have to buy all the wires to attach to it though.

Q2 Oh OK I see. And so where would you put this one? Where would you put Alexa?

C This one.

Q2 Yeah, you do not play with that. Yeah, brilliant. And so what about this one?

C I want it.

Q2 You want it?

C Minecraft.

Q2 So it's Minecraft, and do you know what they're playing it on?

C An iPad.

Q2 Aha. And so do you play with a tablet at all, or do you use a tablet?

C Not really.

Q2 Not any more? And so did you used to?

C Erm....

Q2 Or have you not really played with it at all?

C I used to.

Q2 Yeah? And what did you used to do on it?

C Just play like Hot Wheels games and.....it's like Minecraft but it's like you're putting the bricks down and then....

Q2 Oh OK. Is it Roblox?

C No I think it's called Ramo ??

Q2 OK, that sounds interesting. And why don't you play on it much any more?

C Because I like to play with my toys.

Q2 Aha, so you prefer playing with your toys to playing on the tablet?

C Yeah.

Q2 That's cool. So where would you put this one then?

C That one.

Q2 Yeah, you don't play with it. Brilliant. And what about this one. Do you know this one?

C I think it's ??? I don't know what it's....I've forgotten what it was called.

Q2 Have you seen one before?

C On adverts.

Q2 Aha, so this one's a Nintendo DS.

C Yeah.

Q2 But you recognise it from adverts but....

C Yeah.

Q2 That's cool. So where would you put it?

C That one.

Q2 Yeah, so you don't know what that one is. That's awesome. Brilliant. And how about this one, have you seen this one before?

C That's one of these ones when.....saw them on adverts, toy adverts, and on Smiths catalogue. I've forgotten what they are now.

Q2 OK, so this one's a Furby. Do you know what Furby is?

C Yeah, Furby. I've got a little tiny one upstairs.

Q2 Have you? What does the little one do?

C Nothing, it's just like a ??? where you can attach it to your keys.

Q2 Oh, so it's like a keyring.

C And you just scan the little tag and ??? app.

Q2 Oh OK. So what does it do when you play with it in the app?

C I've never played the app.

Q2 Oh OK, that's cool. And so you've seen these two, both the DS and the Furby on adverts. Where do you see these adverts?

C On like Pop and TV ???

Q2 Oh OK cool, so they're on like TV programmes.

C Yeah.

Q2 OK, awesome. And do you go through like the Smyths catalogue sometimes?

C Yeah.

Q2 And what do you look at in the Smyths catalogue, is there anything that you particularly look for?

C LEGO, just LEGO.

Q2 Mainly LEGO yeah. And sometimes do other things catch your eye?

C Yeah.

Q2 Cool. And so what about this one?

C That's one of those game things where you have to have those big holes in your hands that move around.

Q2 Yeah, so it's kind of like a video game that you kind of wear....it's kind of like glasses aren't they? So this is called virtual reality.

C Yeah.

Q2 So have you ever tried this?

C No I haven't got it.

Q2 OK. So where would you put this one?

C That one.

Q2 In you don't know what it is, or you don't play with it?

C Don't play with it.

Q2 OK, put that there. Brilliant.

C That's an Xbox console.

Q2 OK awesome. And have you ever played with an Xbox?

C No.

Q2 No? But do you play on other games consoles?

C Yeah.

Q2 Yeah, so is that the Wii?

C Yeah.

Q2 And do you play any other games consoles?

C I've played on a PS4 before.

Q2 OK cool, where did you play on that one?

C Erm.....

Q2 Was it at a friend's house, or family's house?

C My dad's girlfriend's house.

Q2 OK cool. And did you like it?

C Yeah.

Q2 What games did you play on it?

C Duty 05?

Q2 Aha, and what did you think about it?

C And Minecraft.

Q2 And Minecraft, OK awesome. And did you play by yourself or did you play with your dad, your dad's girlfriend, or....

C No.

Q2 Did you just play by yourself?

C ??? one, we only had one controller.

Q2 OK, so did you like take it in turns to play? Cool.

C When I died ???

Q2 Oh OK cool, so you'd got kind of like a way to make it fair.

C Yeah.

Q2 That's awesome.

C Even on Duty 05 when we died.

Q2 Aha, I see, and then you'd switch over. That's awesome.

C Sometimes he watches YouTube on TV downstairs ??? when he comes up, when he ??? I just give it him.

Q2 OK, that's cool, that's really nice, that's really good sharing. And so you're putting it in ??? Awesome, OK. And how often do you play on your Wii?

C Not a lot.

Q2 Not a lot, no. Is there any particular reason why or....

C I just want to just play.

Q2 Yeah, and does that play, like your Playmobil and your LEGO and stuff.

C Yeah.

Q2 That's cool. And if you do play on the Wii who do you play with, do you play by yourself or do you play....

C By myself, or with Jacqueline on the LEGO. Because we've got three controllers, one's broken.

Q2 Aha, so do you sometimes play like two-player games with Jacqueline?

C Yeah, like I'm Batman and she's Robin.

Q2 Oh awesome, that's cool.

C Then we press the change.

Q2 Oh, is that so that you can change your character?

C Yeah.

Q2 Cool. And do you like playing the two-player games?

C Yeah. But sometimes it's me on my own.

Q2 Yeah, sometimes it's just you. And when do you decide to....like when do you play together on it, or is it just not very much?

C Not very much.

Q2 OK that's cool. And what about this one?

C It's a laptop.

Q2 Yeah, and do you know what the programme on it is? Have you seen that one before?

C Is it Hangman?

Q2 It's not, but it looks a bit like it doesn't it? This is called Scratch, but you're right that this is a laptop. And do you use a laptop at all?

C No we haven't got one.

Q2 OK cool. So where would you put this one?

C I've only used one in nursery.

Q2 OK and what did you do?

C Just colouring on it.

Q2 Oh cool, did you like use the mouse to colour things in?

C Yeah.

Q2 Ah brilliant.

C I would put it that I do not play with.
