Q2 Beth Nutbrown (researcher)
A Susan (mum)
B Craig (dad)
C Alison (6)
D Chloe (4)

Q Here we are, and Susan was saying, she's started something else we've not even mentioned, so go for it.

A Yeah, well I don't know if it's classified in what you're looking at, but electric toothbrush.

Q Didn't think about electric toothbrushes at all. Tell me more.

A And they've got the app to go with it now. So you push it ??? I don't use the app because I don't trust the ??? you know being in the bathroom, but you can get apps to help the children brush their teeth and do it properly, do each stage. And like they have electric toothbrushes, they've had them for about a year now.

Q So they're internet connected?

A No, no just the battery powered. But there is available in the shops, we don't have it, one that does connect to an app to say how they're brushing their teeth. From what I understand from the advertisement I saw, I think it's done by Disney, I think it's something to do with them.

Q That's really interesting, thank you so much.

A I just thought like....I've only just got an electric toothbrush. I'm 33 and I've only just got one, they've had one for over a year now, and I thought 'oh hang on a minute it is technically technology' because it goes ??? or anything like that. So I thought I'd throw you that on in there.

Q Yeah, no thank you very much.

A Just with like everyday how technology comes into play.

Q Well it's everywhere isn't it and you don't sit and think 'oh this is technology and this isn't'.

A Yeah. I was just ??? and I was like 'electric toothbrush, it's got the manual, it's got....' you know.

Q Yeah.

C Can I tell you a joke?

Q Ooh yes please.

C Two jokes, I've only got two.

Q I'm recording this, is that OK?

C Yeah. How do you stop a monkey jumping around the back seat of your car?

Q I do not know, how do you stop a monkey.....

C Put him in the front seat.

Q Ha ha! Very good.

C How did the bear smell with no nose?

D Awful.

Q How did the bear smell with no nose? Oh....very good, very good.

C I got them out of a yogurt.

D You're the best bear. You're the best bear.

A Ah!

Q Thank you.

A Bears eat healthy, don't eat junk food. Picture.

Q So just start again. So she's done a picture of....

A So there's an advertisement for takeaway food and it's got the song 'did somebody just say....' or something like that, and they keep copying it. And it inspired her to do a healthy eating picture.

Q This is Alison we are talking about is it?

A Yeah, that's why I kept it because I thought 'ooh, I could give that to Julia'. I hope it's somewhere, because I did keep it to one side.

Q Thank you ever so much, Susan.

A That's what she taught me to draw yesterday.

Q She taught you that? Chloe, what gave you the idea for that bloody hand?

D On Google.

Q Oh Google? Oh how did that happen then, did you ask Google or....

D No. I was ??? on YouTube.

Q Sorry? You found it on YouTube?

D Yeah. Also 'roll it, roll it, ding'.

Q So did you ask for a hand that was covered in blood or....

D No. I just goes 'I want ??? now'

Q You said what? You wanted a what?

D I want it for Halloween now.

Q You want something for Halloween now? I see.

C She put it like that and then she was looking for....

Q Oh I see. Clever.

D I'm keeping this in my hands.
