

Q Julia Bishop (researcher)
Q2 Beth Nutbrown (researcher)
A Susan (mum)
B Craig (dad)
C Alison (6)
D Chloe (4)

Q2 So this is a video of Alison wearing the GoPro [F2c_20190916_v002 or F2c_20190916_v004]

D It's a sunny day.

Q2 It is a sunny day isn't it.

D And I was in swimming lessons.

Q2 You were in swimming lessons, I see. And have you been here before ???

D Yeah, it's the park.

Q2 It's the park, and so your secret hideout's in the park. And is that where she's going?

D Mmm.

Q2 Wow.

D She's wearing the camera.

Q2 Wearing the what?

D She's wearing the camera.

Q2 She is wearing the camera. Did you wear the camera at all?

D No.

Q2 ??? but did you make a video of it another time?

D Yeah.

Watches film

D She's calling the magpie.

Q2 Yeah, she saw some magpies in the trees? Yeah that's what she saw. Shall we find a video that you made?

D Yeah. That one's from you, and that was mine, making my telescope.
[F2c_20190916_v003]

Q2 You're making a telescope? Wow. So...

D We're not here to glue.

Q2 Do you not want me to glue?

D Mummy said no ??? glue, it gets all over the place.

Q2 Because it gets all over the place. And why were you making a telescope?

D Because it was thingy. Mummy got it from work last night and overnight.

Q2 Wow. And so was it your idea to make the telescope?

D Yeah. Mummy got it for me.

Q2 Wow, so did she get this tube?

D Yeah.

Q2 And did you think 'oh I'll turn this into a telescope'?

D Yeah, look at a big dog.

Q2 Oh I see. Wow, what's that?

D I was trying to make a paint, and mummy ??? paintbrush for me first but I didn't see one, so I said shall I do it with that first?

Q2 That's a very good idea though. So you chose purple, is that metallic purple, it's shiny.

D Yeah.

Q2 Do you like making things?

D Yeah.

Q2 What do you like about making things? Oh look at all that paint. Wow. What do you like about making things?

D Just that.

Q2 Just that, that you can make them?

D Mmm.

Q2 Do you ever play with things that you make?

D Mmm.

Q2 Yeah? And how do you play with things that you make?

D I ??? whatever I want.

Q2 Yeah?

D Apart from mummy says no.

Q2 Is that when your mum says no? Have you played with your telescope yet?

D No because it's still drying.

Q2 Oh of course because it's got paint on it, I see.

D That's blue.

Q2 That is blue. And how do you choose the different colours that you are going to choose?

D It's just them, it's from the box.

Q2 Mmm. And did you want it to have lots of different colours, because you're putting lots of different pain on here.

D But it's not working, that one's not got ???

Q2 I think you've done a really good job on that.

D The ??? paint has gone on it already. Now watch this bit. I'm not using them, just using this.

Q2 Oh I see, you've got your paintbrush there now haven't you?

D I'm trying to paint ???

Q2 That's really clever though, that's a really good idea. It's a really good idea. Oh look at that. Good job.

C Hello.

Q2 Hello, hi Alison, are you alright?

D Alison's back from school now.

C Been to choir.

Q2 How was choir?

C Good.

Q2 Was it good? Did you enjoy it?

C Mmm.

D We're watching my video because I made a telescope.

C Right now?

D Mmm.

C I saw it.

Q2 Did you see it downstairs?

C Yeah. And I just popped in, I just said 'what's that?'

Q2 It's very cool.

D It's still drying but it's still wet.

Q2 It will be dry soon won't it I'm sure.

C How did she make it?

D Mummy got that from work yesterday.

C Got what from work?

Q2 I think this tube. Was it the tube?

D Yeah.

C I'll get....I know where they are. I'm going downstairs.

Q2 And did you think about what you wanted it to look like before you made it?

D Yeah.

Q2 Did you have a plan in your head?

D Yeah.

C I can make one.

Q2 Are you going to make one? Wow you've got a toilet roll tube.

C Yeah I just found it in the bin. I just went through the bin.

Q2 And so are you going to....

C ??? I put a wipe in.

Q2 Are you going to make a telescope later do you think?

D That's better, I can see it properly.

C Make sure your hives? don't work.

D This is our back garden.

Q2 It is your back garden isn't it.

D We've left our toys out.

Q2 You left your toys out? Oh, are you going to have to bring them in?

D Some food, toy food has been run over by the....

Q2 Oh no! What has it been run over by? Is it the lawnmower?

D Lawnmower.

Q2 Oh no! I'm sure it will be OK.

D We've a trampoline.

Q2 Do you like playing on the trampoline?

D I was putting the white in to make white things.

Q2 Ah, so did you want lighter versions of those colours?

D Mmm.

Q2 I see, so you're mixing the colours. While you are watching the video do you mind if I ask you some questions, would that be OK?

D Yes.

Q2 And you can both answer them, that's alright. So what kinds of things do you prefer to play with?

D Everything.

Q2 Everything? You prefer to play with everything.

C But what is your favourite thing?

Q2 Yeah, do you prefer to play with toys like you've got....

D Can we put a different one on?

C I like playing with this.

D I'll show you which one.....
