

## Child 10-14 years version

### Service Evaluation Questionnaire to evaluate services in the UK that manage Congenital Adrenal Hyperplasia in children and young people

You can access the survey at [forms.office.com/r/p8ApDjx4vJ](https://forms.office.com/r/p8ApDjx4vJ) or via scanning:

Alternatively, please complete your answers on this paper copy below (**please check you are completing the correct version according to age – this version is for children between 10 and 14 years old**)

We would appreciate your opinion about the service provided to you at this hospital to manage the condition Congenital Adrenal Hyperplasia (CAH). This information will be shared with the staff at this hospital to help them improve the services provided locally. The information will also be collected from different hospitals across the country to help find out how to improve services nationally and whether there are any areas that need to be researched. The collection of anonymous results of the survey will be shared at conferences and in journal articles as well as with national research funding bodies to try to improve national services for people with CAH.

If you have any specific comments about the service you have received recently, you can enter those at the end of the survey. Your answers will remain anonymous, and will not negatively affect the care you are provided with.

#### **1. Are you the:**

- ☐ Patient the most recent appointment was for (please ensure you complete the age specific questionnaire)
- ☐ Primary carer for the patient
- ☐ Carer for the patient, but not the primary carer on a regular basis
- ☐ Other (please explain) \_\_\_\_\_

- ☐ Yes, but I would like to know more
- ☐ No, I think I should know a lot more
- ☐ I don't take any medications for my CAH
- ☐ Don't know / not sure

**16. Do you think that a doctor at a different hospital might treat your CAH differently?**

- ☐ Yes
- ☐ No
- ☐ Not sure

**17. Overall, are you satisfied with the service provided to manage your CAH?**

- ☐ Completely satisfied
- ☐ Somewhat satisfied
- ☐ Neutral
- ☐ Somewhat dissatisfied
- ☐ Completely dissatisfied

## Child 10-14 years version

18. Do you have any other comments about CAH that you would like to tell us?

---

Thank you for completing this questionnaire. The results of this will be shared with the staff at this hospital to help them improve the services provided locally. The information will also be collected from different hospitals across the country to help find out how to improve services nationally and whether there are any areas that need to be researched. The collection of anonymous results of the survey will be shared with hospitals that manage CAH patients and national research funding bodies, but no one else.
